## Profile Summary

Linguist turned web developer blends soft skills of adaptability and open-mindedness with hard skills of web design. Cross-functional collaboration with tech teams and successful experience of working as a part of one. Experience in logistics honed my problem-solving, analytical and leadership skills.

## Experience

### Freelance Web Developer – 12/2018 – now

- ✓ 10+ projects using React, Node, Vue, Angular etc, including experience of collaborative work on a React Native app;
- ✓ A project example: a movie web app that requires users to create an account to access information on movies, directors, genres, add/remove favorite movies to the profile, edit/delete their account info. The app uses RESTful API. Front-end done with React, Redux and Bootstrap. Back-end done with Node and MongoDB.
